

Edit Subscription

When

If you have your own API key for your Rates Source then you can update it within the FXLoader Subscription.

Steps

1. Log in to FXLoader Cloud Service and select 'Subscription' from the menu

2. Click on the start date of the Subscription you wish to edit

3. Click on the Source for which you want to edit the API Key

Source	Option	API Key	Own Key
OANDA	Market	xxx	Yes
European Central Bank	Official	<hidden>	No

Note that you can only edit subscriptions which are flagged as 'Yes' in the 'Own Key' field.

4. Replace the API Key xxx with your Key

For OANDA and Xignite, only an API Key is needed.

XE require you to enter your Account ID in the 'Username' field, as well as an API Key.

Other Rates Sources may require different information in order for them to be authenticated.

API Key ? <input type="text" value="xxx"/>	Username ? <input type="text" value="if rates service requires"/>
--	---

5. Click the 'Apply Changes' button
