- Installed in many different industries
- Multiple customer use-cases
- Tried & Tested
- We think we've thought of everything...

Implementation Consultants

What Our Customers Say

“I think it is a brilliant product. Installation and implementation process are superb and very quick”

Johan Van Heerden Head of Finance Systems, Atlas Mara

“The fast and easy set up, coupled with first class customer support easily makes FXLoader the best choice for Oracle Cloud Applications”

Paul James Oracle Application Manager, Perform Group

“From my end the implementation couldn't have been any easier! Your customer service and support are absolutely superb.”

Dianne Waldman Jukin Media

“The setup was super quick and hassle-free, but the thing that impresses me most is the on-going support that FXLoader offers. I wish more companies were as efficient as this.”

Marnus Oelofse MIS Manager, Liberty Health Holdings

“The product was very easy to implement. It just runs without issues”

Bill Wilcox Senior Oracle Applications Consultant, Uponsor
